Three Year Education Plan and Annual Education Results Report Policy

Consistent with Alberta Education's Policy and Requirements for Accredited Private School Authority Planning and Results Reporting of Educational Outcomes, this Board will consistently develop policy to ensure that The Three-Year Education Plan is developed to the standard required by Alberta Education. The Board's policy will be to review The Three-Year Education Plans in a manner that ensures the appropriate growth and development of the school's approach to planning and monitoring success and growth.

Annual Education Results will be reported by the school administration to the Board, to the parents and to the students. The Board's policy is to ensure that the teaching/learning process is monitored to reflect excellence in education and the growth of staff and students, as well as the school itself.
